

# KHEJURI COLLEGE

## **POLICY DOCUMENT ON DISABLED-FRIENDLY BARRIER FREE ENVIRONMENT:**

Barrier free environment is one which enables people with disabilities to move about safely and freely and to use the facilities within the College premises. The College provides ramp facility to disabled persons for the easy access to the College Administrative Building. The reduced inclination in the ramp makes the movement of wheelchair easier. College possesses a wheelchair with assistance for smooth mobility of physically disabled learners and other visitors. Wheelchair is provided for learners who have difficulty in walking. Other students wholeheartedly help them if they need to move upstairs. Teachers try their level best to adopt suitable method of teaching for differently abled learners. There is a rest room in our college where differently abled learners can sit comfortably whenever required.

### **Objectives:**

- To promote and foster an ambience that encourages positive, informed and unprejudiced attitude towards persons with disabilities (PWD).
- To prohibit discrimination against individuals with physical and mental disabilities as per Rights of Persons with Disabilities Act 2016.
- To promote an inclusive learning, teaching and working environment where disabled students and staff feel at ease and are treated with a sense of empathy.
- To plan programmes and raise awareness amongst staff and students about the PWD, in order to foster an inclusive learning environment.

### **Policies:**

- The College maintains a Wheelchair with Assistance for the Differently abled persons in the Campus.
- The entrance of the College Administrative Building has a ramp with railing so that the persons with disability can move easily and safely.
- A toilet is maintained with Railing for the persons with disabilities.
- A rest room is maintained in the college where differently abled learners can sit comfortably whenever required.
